Important Uncertainties Have Depressing Influence on Most of Stocks.

MINE ISSUES ARE ACTIVI

Features of Persistent Weakness and Heaviness Mark Irregularity Toward Close of Trading.

New York, April 8.—On the develop-ments relating to the important uncer-tainties which have again exercised not only a restraining, but a somewhat depressing influence over quoted values. the stock market today might have been

the stock market today might have been much weaker than it was without furnishing occasion for surprise.

There was nothing in the overnight dispatches bearing on the questions which the European war has raised, nor in the budget of news during the day covering these and other matters, such as the probable reaction of the prelimnaries to the national political camparies to the national political camparies to the national political camparies to the national political camparies. naries to the national political cam-paign on present administration policy, and the posture of our Maxican adven-ture to encourage Wall street purchases for the rise on the eve of the week-end

mine stocks. The late price movement had much irregularity, however, and in-cluded features of persistent weakness and heaviness.

NEW YORK MONEY. New York, April 8.—Money on call on the New York Stock Exchange the last week again ruled between 2 and 1% per cent. Time money during the week became easier in tone. The supply increased, while the demand was, if anything, rather lighter. Some traders in industrial money and a number of renewals of mixed loans, practically conglituted the business. Hates on mixed collaberal were grouted at 25 safety per cent for sixty days, 282% per cent for four, five and six months. Mercantile paper was issued rather sparingly this week notwithstanding a cartain amount of improvement in general trade conditions. The absorption was fairly good, and showed an improving tendency in the closing days of the week. Rates: 182% per cent for sixty and ninety days indorsed bills receivable, as well as for choice four to six months single names. Interior money rates unchanged.

CHICAGO GRAIN MARKET.

and the posture of our Mexican adventure to encourage Wall street purchases for the rise on the eve of the week-end recess.

From initial heaviness the market fell into subsequent weakness, but the course of reaction was checked before the last half hour, and in the late dealings the list had an appearance of strength. The nature of much of Friday's selling, as well as the early sales of the day, was indicated by the contribution which short covering made to the sharpness of the rally in many descriptions.

There were some operations of another sort in the aggressive bidding up of the mine stocks. The late price movement had much irregularity, however, and included features of persistent weakness and heaviness.

Chicago, April A.—The bull longs in wheat were more sanguine as to their position in that market at the close tonight han was the case for several previous days. They feel that han was the case for several previous days. They feel that they are not only out of the wheat mas show at the pare now short and talking bearish on the general situation. There were some operations of another sort in the aggressive bidding up of the mine stocks. The late price movement had much irregularity, however, and included features of persistent weakness and heaviness.

One closed with the course of the rise that they are not only out of the wheat mas slow at Chicago today with sales of only 35,000 bushels, but there were 600,000 bushels sold at Omaha for shipment abroad. Own closed unchanged to Maske lower today under increased selling and a rather poor demand. The cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 56,000 bushels of the cash transactions were light at 5

to eastern shippers and the receipts in all positions were small.

Outs closed % to %c lower, following a rather tame market with cash sales light at 105,000 bushels. The large surplus held in the United States as well as in Canada, continued as an obstacle in the way of the buils.

Despite the weakness in grain, the market for hog products was fairly steady, although the volume of trade was quite small. Support was given the market by the buil houses at various times and the selling was scattered and unimportant.

COTTON MARKETS.

New York, April 8.—Pronounced strength at New Orleans and active demand from local houses with no connections, inquiries for near positions from spot firms and scattered covering led to an advance in cotion today after the market had opened

quietly.

Priyate messages from New Orleans reported heavy buying by spot firms for the Continent, following large sales of the actual yesterday.

The imports were 4,000 betes, all American. Futures closed at a net loss of 5½ to 6½ points at 12,05c; there were no sales.

The receipts of cotton at the ports today were about 12,000 bales, against 15,500 last week and 30,532 a year ago. The Chronicle estimates the risible supply of cotton at 5,609,436 bales, against 7,64,828 a year ago. The American surply is 3,822,-225, compared with 5,179,830 a year ago.

NEW YORK GRAIN.

New York, April 8.—Trading on the Broad Street curb was extremely active during the past week with a number of new issues demanding attention, while the stocks which for some time had held leading positions, dropped to a secondary place in popular interest.

Week's Earnings Larger.

War Loan Nearly Spent. Only \$30,000,000 remains unexpended of the \$480,000,000 realized from the \$500,000,000 Anglo-French war loan six

Copper Sales Are Large. W. H. Hibbs & Co. yesterday made

public the following telegram from their New York correspondent:

"The press reports suggested considerable tension in Washington over the contentions with Berlin and also that Carranza had assumed an attitude that

Carranza had assumed an attitude that might precipitate a critical state of affairs. The result was some realizing and speculative selling during the first hour, but after it was said, according to Washington advices, that American troops are likely to be withdrawn from the territory to the south of the Rio Grande on Washington's own initiative, and after what was described as a cable from Berlin, indicating that Germany is from Berlin, indicating that Germany is likely to discisim responsibility for sink-ing the Sussex, prices stiffened on short "Sales of copper metal during the past

"Sales of copper metal during the past few days are estimated as being in excess of 250,000,000 pounds. Copper shares, however, so far have shown little disposition to respond. Sentiment is greatly mixed in the financial community, but there appears to be a tendency towards bearishness. However, long stocks so far have been dislodged in only a relatively meager volume during periods of depreasion. Interests which are usually identified with prominent swings in the market are apathetic, and disposed to await a clearing of the situation or the injection of new factors before extending engagement in either direction. The policy of making moderate purchases on policy of making moderate purchases on declines and accepting fair returns would seem about the best course at present."

Spot Copper to Advance. It is reported that spot copper will go above 30 cents a pound before long.

Auto Reported Stolen.

northwest, reported to the police last night that his automobile was stolen from Seventh and B streets northwest yesterday afternoon.

ASKED TO SEEK BOY STRAYED FROM HOME

Police Join in Search for Kenneth Wescott, Aged 13, of Char-

lottesville, Va. Iottesville, Vs.

The Washington police last night were asked to look for Kenneth Wescott, 12, who disappeared from the Washington Emergency Home, at Barcroft, Va., two weeks ago. The appeal was made to the local police by Mrs. Theadore Barnes, of 243 Wisconsin avenue northwest, a friend of the boy's mother.

Mrs. Barnes said last night she received a letter from the boy's mother. Mrs. Moille Wescott, at Charlottesville, Va., contining the frantic appeal of a mother for her boy. The boy is described as being of medium build, dark hair and gray eyes.

Admiral Blue to Go to Sea.

It is understood that Rear Admiral Vic-tor Blue shortly will be relieved from duty as chief of the Bureau of Navigation at the Navy Department. He will be given sea duty, probably in command of the Texas, succeeding Capt. John Hood. No announcement has yet been made as to Rear Admiral Blue's successor, but Capt. William S. Sims, new command of the Nevada, is among officers mentioned for this billet.
